

The people that have taken the time to enroll in DO NOT CALL have done so for a reason. Please respect the right of individuals to make their own decisions. Unwanted interruptions are just that - unwanted. If we want to contact people that have done business with us, let us make that choice, not them. Further, unwanted advertising solicitations are being sent by fax. Can anything be done to prevent this intrusion? Frequently this unwanted faxed information is being sent during the hours of 10:00 PM - 7:00 AM. It is bad enough to receive such information; receiving this information during these hours makes it even worse. Please do NOT eliminate the controls that are presently in effect!
